

# 2025 Irish National Hydrology Conference

Tuesday 18<sup>th</sup> November – Hodson Bay Hotel, Athlone

## First Announcement – Call for Papers

We would like to invite strong, technical papers/posters that deal with latest developments in hydrology related topics but not limited to:

- » Machine Learning in Hydrology
- » Climate Change and adaptation
- » Nature Based Solutions
- » Coastal Hydrology
- » River Restoration
- » Hydromorphology and Ecology
- » Small Catchments Studies
- » Droughts
- » Flood Hydrology
- » Groundwater Hydrology
- » Water Resources Management
- » Hydrology in Planning
- » Water Quality

### Introduction

The National Committees of the IHP/ICID invite you to Athlone for the 26<sup>th</sup> National Hydrology Conference to be held on **Tuesday 18<sup>th</sup> November 2025** at the **Hodson Bay Hotel**. This event is Ireland's leading Conference devoted to Hydrology providing a unique forum for attendees to share policy developments, research results, and practical solutions to engineering hydrology and related issues.

### Who are the expected attendees?

- ◆ Local Authority Engineers and Planners
- ◆ Engineering Consultants, Researchers, Hydrologists, Environmental Engineers and Scientists
- ◆ Policy makers from all relevant fields
- ◆ Professionals involved with the implementation of the various EU water management Directives.

### Conference Format

The programme will consist of oral presentation of papers with discussion, and a poster/display session. Participants are invited to contribute through oral presentations and posters.

### Oral Presentation Abstracts: Due on 15<sup>th</sup> August

Participants willing to contribute to the Conference through the presentation of a paper should submit a short abstract (maximum 600 words). The abstracts should be sent by e-mail to the Conference Secretariat by **Friday, 15<sup>th</sup> August**. The organising committee will review the

abstracts and select those for oral presentation. The authors of the selected abstracts will be informed by Thursday, 28<sup>th</sup> August. The full papers should be submitted by **17<sup>th</sup> October** for review.

### Poster Abstracts: Due on 15<sup>th</sup> August

Participants willing to contribute through the provision of a poster display should submit a short summary (maximum 300 words) of the project or topic. The deadlines for submissions and the review and acceptance format and dates are as per the call for papers above.

### Conference Booking & Costs

The cost of attendance at the Conference is **€200** per person (with a limited reduced Student rate of **€60**), which includes refreshments and lunch. Invoices will be issued following receipt of registration forms requesting the reservation of a place. Receipts will only be issued if requested. Demand for places at previous Conferences has been high. Places are allocated on a first-come basis, and pre-booking is essential (using the registration form on this page).

Please note that there will be no refund or waiver of invoice for cancellations received later than **Friday, 14<sup>th</sup> November**.

# 2025 Irish National Hydrology Conference

## Conference Programme

The Programme for the Conference will be confirmed nearer the date. It is currently envisaged that the Conference will run from 10 a.m. to 4:30 p.m. on the 18<sup>th</sup> November 2025.

## Registration / Further Information

To register to attend the conference or to request further information, please complete the registration form (including indicating if intending to attend online) and return to:

**Contact:** IHP/ICID Secretariat,  
Office of Public Works, Head Office,  
Trim,  
Co. Meath, Ireland.

**Tel:** 046 942 2472

**E-mail:** [nhc@opw.ie](mailto:nhc@opw.ie)

All payments to be made by Electronic Fund Transfer (EFT)

**BIC** - DABAIE2D

**IBAN** - IE91DABA95167890052841

Please send remittance to [receipts@opw.ie](mailto:receipts@opw.ie) and reference the National Hydrology Conference.

## Organisers

### International Hydrological Programme (IHP)

The UNESCO international scientific co-operative programme in hydrology and water resources, the IHP, was established to act as a catalyst to promote co-operation and research in the management of water resources, an issue which had been identified as a significant limiting factor for harmonious development in many regions and countries of the world.

### International Commission on Irrigation and Drainage (ICID)

The mission of the ICID is to stimulate and promote the development of the management of water and land resources for irrigation, drainage, flood control and river training applications, including research and development and capacity building.

## Registration Form

**Name:**

**Job Title:**

**Organisation:**

**Address:**

**Tel:**

**Fax:**

**E-mail:**

I would like to present a paper

I would like to present a poster

**Title or explanation of Paper/Poster**

**I wish to receive further information**
